

## Parents In The Classroom

On Wednesday 12<sup>th</sup> November, Parents are invited to join an Anti-Bullying – **Power for Good** themed lesson in the classroom. If you would like to meet us in the hall just after 9am, staff will accompany you to classrooms for 9.15am.

## Wraparound Club

Thank you for the amazing uptake for the different offers within our Wraparound Club. The response has been so positive, and we are working close to capacity. We will constantly review the uptake and the offer as we develop this new Club. We aim to provide: sport, arts, civic and eco type Enrichment throughout the year.

## Children In Need

On Friday children are welcome to wear something 'Pudsey' as an accessory to their Uniform. They may like to have spots / dots on their jumper or cardigan, a headband or wear an eye patch! **We will have buckets on the gates if you would like to donate £1 towards the Baby Bank Christmas appeal, supporting babies and their families within the local area.**

Children do not have to accessorise if they prefer not to. Donations still are welcome. 😊

## Charlie and The Chocolate Factory:

How excited are we?! The first edit of the script is almost completed, and dance options are being considered. Next Tuesday we will formally begin the journey towards preforming our own version of Charlie and the Chocolate Factory. Miss Galvin has a letter to parents / carers that will go out in Friday's Newsletter. There is so much we can all get involved with before July.

## Notes from the Headteacher's Study

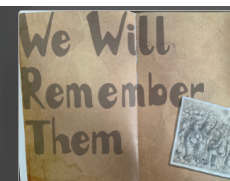

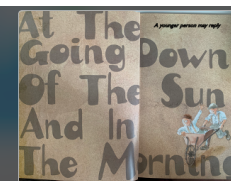

### Remembering and the Power for Good

Today, King's Northway held our Act of Remembrance to remember those who sacrificed their life for others and also remembered the way of 'peace'. The whole school paused at 11am, with the 'Last Post' signalling the start of the two minute silence, before being awakened by 'Reveille' to hear the famous Remembrance poem.

### Remembering

They shall grow not old,  
as we that are left grow old;  
age shall not weary them,  
nor the years condemn.

All affirm:

**We will  
remember  
them.**

Thank you, Kornelia, Tayla and Maisie, for leading our Act of Remembrance, in their roles as Lead Pupil Ambassadors. Behaviour across school was impeccable – such **respect**.

11<sup>th</sup> November was also a very exciting day, because not only did KS2 have an important **Anti-Bullying 'Power for Good'** Assembly led by LFC, but **Mighty Red** also came to visit us! **Anti-Bullying, Power for Good and Peace** – three essential **Victorious** messages for us all to **Remember**, on this, Remembrance Day.

Mr Hargreaves  
HEADTEACHER / PRINCIPAL

## Year Six poetry:

Year Six Darwin made my day when I was invited to hear their poetry. Each pupil had used Values for Victory alongside Bonfire Night to write poetry about how we can make a positive impact in the world. It was half an hour very well spent! Here are just a couple to enjoy.

### A sky full of us

The night sky gills with colours of diversity.  
And inclusion shines brighter than all.  
A crimson rocket thunders high,  
Spreading kindness through the sky.

A sapphire shimmer ripples wide,  
Gentle as ocean waves.  
It's peaceful shimmer brings peace and care,  
A candle that heals and saves.

A night where dark paints some colour,  
Fireworks blazing nice and bright,  
Colours like Ruby red and sapphire pink,  
Shining and glowing all through the night.

A golden fountain bursts with joy,  
Like laughter taking flight.  
It's kindness spreads friendship's glow,  
Across the beautiful night.

An emerald spiral of equality,  
Weaves throughout our school.  
All religions, cultures and traditions celebrated,  
Respect to all our most important rule.

Together our lights mix and swirl to create  
kindness and acceptance. ~~The~~  
The show ends but our colours stay bold,  
beautiful and full of caring love.

### A sky full of Northways

When a blanket of darkness covers the Northway  
sky,  
our fireworks start to shine.  
Each ~~indicates~~ <sup>marks</sup> a ~~cloud~~ <sup>spark</sup>  
each spark in the sky looking quite fine.

An electric blue boom surfs the night sky,  
brave and blue with a hint of bold.  
Feathers/suns sparks go flying off.  
we got nice thing when we do what were told.

A perfect purple rocket glides through the sky.  
purple shows a lot of art, funny and amazing.  
Northways a beautiful school the children show love,  
Some may say if you like purple you also like a growing one.

The emerald sprout blossoms into an explosion of colour  
green means peace and joy.  
Here at kings anyone can be anything they want.  
Stereotypes say to be a scientist you have to be a boy.

A golden fountain glows with love.  
borders built on trust with friends by your side.  
~~At~~ <sup>Everyone</sup> waiting for year 6 to start in the school.  
every year a gang of year 6 come ~~get~~ <sup>get</sup> their shirt signed.

our colours blend into a masterpiece of joy and friendship  
a rainbow of lights fills the sky.  
To gether we shine, together we soar,  
Northways's stars when the sparks disappear our  
happiness shines once more.

## COFFEE MORNING

SMALL CHATS CAN LEAD TO BIG CHANGES.

Parents and Carers, please come and join us for an informal coffee morning with the Liverpool Mental Health Support Team (MHST).

### THIS IS A RELAXED SPACE FOR PARENTS AND CARERS TO:

- HEAR ABOUT THE SUPPORT AVAILABLE FOR CHILDREN'S WELLBEING IN SCHOOL AND THE COMMUNITY.
- ASK QUESTIONS ABOUT CHILDREN'S MENTAL HEALTH IN A SAFE, INFORMAL SETTING.
- MEET THE MHST PRACTITIONER LINKED TO YOUR CHILD'S SCHOOL.

Scan to find out more about our service!

### FIND OUT HOW TO ACCESS FREE SUPPORT, INCLUDING:

- 1:1 SESSIONS FOR CHILDREN (AGES 8–11)
- PARENTING SESSIONS (AGES 5–11)
- GROUPS & WORKSHOPS FOR PARENTS AND CHILDREN
- WHOLE-SCHOOL WELLBEING INITIATIVES

### Seven minute briefing

#### Hazards in the Home

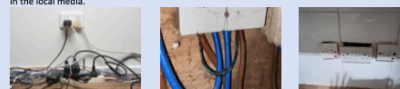

**1 Introduction- What are housing hazards?**  
Housing hazards are features of a home that pose a risk to the health, safety, and well-being of occupants. They can lead to injuries, illness, or even death, particularly for vulnerable adults and children. There are 23 hazards that the Council assesses properties against. Private rented properties, registered provider properties (social housing), and owner-occupied properties, can all be assessed, under the [Housing Act 2004](#), and action may be taken. Landlords have a duty to maintain and manage properties; owners may also have a duty to ensure their property does not cause harm to themselves or others. Professionals that are going into properties can identify hazards that have the potential to cause harm to the occupants. The top seven hazards found in properties across Liverpool are - **FIRE, DAMP AND MOULD, ELECTRICAL HAZARDS, FALLING ON STAIRS, EXCESS COLD, PERSONAL HYGIENE, SANITATION AND DRAINAGE AND FALLING BETWEEN LEVELS.** All professionals should be looking out for the following hazards and consider the impact on families

**2 Fire, Damp & Mold**  
Missing smoke detectors, smoke detectors that look damaged or covered with plastic bags.  
Remember to stay on the safe **SIDE**:  
**Spread** – look for ways fire or smoke could spread throughout the property  
**Ignition** – look for ways the fire could start  
**Detection** – check that smoke alarms are in place and working  
**Escape** – check that exits are clear and accessible  
Look for visible signs of black spot mould or damp/wet patches and smells of dampness and the air feeling "stuffy." The long-term impact of mold can lead to respiratory issues and exacerbating allergies. For those with severe allergies and conditions can even lead to death.

Damp & Condensation Supporting Guidance

**3 Electrical Hazards**  
Electric wires that are exposed, loose sockets, excessive use of extension leads, electric meters that have wires looped across the supply evidencing tampering, can all lead to electrical fires. Electric bikes/scooters being charged in the property have also been a recent cause for concern and raised in the local media.

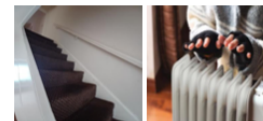

## 7

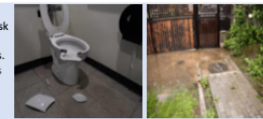

### Seven minute briefing

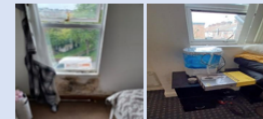

**4 Falling on stairs/ excessive cold**  
Being observant for missing items such as handrails, guarding that can be easily climbed, defective steps, and missing spindles, can all protect a family from injury. Look for portable heaters, excessive use of candles and defective windows too.

**5 Sanitation, Drainage & Falls**  
Poor sanitation significantly increases the risk of disease transmission, leading to illnesses like diarrhoea, cholera, and worm infections. Look for disrepair to toilet, taps drain smells or drains overflowing.

**Falls from Height**  
Falls from windows are a common and serious cause of injury and death, with thousands of children requiring hospitalisation annually. Most incidents happen at home during warmer months when windows are open. Look for unrestricted bottom opening windows, low windowsills that are easily climbable and broken window locks.

**6 Professional Curiosity**  
**Take time to be professionally curious!** Look beyond the obvious and consider what a person's living conditions reveal about their overall well-being and potential risks. Use reflective questions: When engaging with individuals, ask about their living conditions and ability to manage their home. Examples include:  
• "Are you able to keep your home warm enough?"  
• "Can you easily access and use your bathroom?"  
• "Are there any repairs needed in your property?"  
• "Have you got working smoke detectors?"  
• "Can you cook and use your kitchen?"  
• "Who is your landlord/contact details?"  
• "Do you feel safe in your property?"

**7 What is next?**  
The referral pathway for advice or to raise any concerns is [Privatesector.housing@liverpool.gov.uk](mailto:Privatesector.housing@liverpool.gov.uk). Provide as much information as possible, including any landlord details, occupiers details and include photos if appropriate. Explain to the occupier that you are concerned and you have a duty to raise your concerns/ask for advice.
